

Italgreen 

Italgreen All-Weather Turf **- The Natural Choice**

SHAMROCK Materials is the North Bay's exclusive distributor for the **Italgreen** product line - the world's finest All-Weather Turf System. We invite you to contact a Shamrock-certified installer and start enjoying a lush, beautiful, maintenance-free lawn today!

Italgreen is not only one of the world's finest All-Weather Turf products, it also offers considerable environmental and ecological advantages over all competing systems.

Italgreen products are the non-toxic solution utilizing a unique Geo-Fill infill material consisting of natural, organic granules, weather-resistant fibers and natural weed killers. **Italgreen Geo-Fill** resists shifting, provides outstanding support for active sports, is odor-free and will not overheat in strong sun ...
- resolving all the serious issues common with conventional rubber-based infills.

Italgreen is the ECO-sensitive answer to today's landscape issues providing year-round beauty, outstanding durability, exceptional performance for sports facility applications and unique environmental advantages!

Shamrock-Certified Installers

Shamrock Materials is the exclusive North Bay distributor for Italgreen products. We do not install Italgreen ourselves, but have selected, trained and certified many of the region's best landscape contractors to be Shamrock-Certified Installers. Please contact one of our certified installers in regard to installing your Italgreen All-Weather Turf.
